Approaching the close of the year it is a perfect time to reflect upon and be grateful for the achievements and success accomplished during the past months. The newsletter opens with just such a message from Maria Theresa Hornemann, SSpS the president of VIVAT international. As an organization VIVAT has grown with the full membership of The Congregation of the Adorers of the Blood of Christ (ASC) and VIVAT has also expanded geographically with the establishment of national branches in Bolivia, India and Argentina.

The newsletter also highlights workshops facilitated by VIVAT throughout the world in Indonesia and the Philippines as well as meeting members based in Lisbon, Portugal. The executive team also had an opportunity to introduce VIVAT's vision, mission, history and its strategy for advocacy and lobbying to the participants of the first inter-national SSpS JPIC seminar. Looking forward to the work that still has to be done articles featuring the struggle for a fair and just constitution in Sudan are featured along with an article articulating the struggle of the millions who go missing, specifically addressing the recent trials of Argentina.

You inspire us! We always welcome feedback, ideas, stories, and updates from our members! Please send your comments and feedback to: viny@vivatinternational.org
